

A fellowship steadfast in faithfully shaping culture

NEW SAINT
ANDREWS
COLLEGE

Since 1994, New Saint Andrews College has been dedicated to shaping culture for Christ through a rigorous classical Christian liberal arts education. We refuse federal student grants and loans—choosing independence over compromise—so that our mission remains pure: to graduate leaders who will shape culture, living faithfully under the Lordship of Christ.

The Pelican Club is the highest circle of friends and supporters of this mission. Members pledge at the \$25,000+ level over the course of up to five years to ensure that the college remains independent, academically excellent, and anchored to biblical truth for generations to come. In return, they gain the fellowship of like-minded Christians who value learning, character, and the shaping of culture over the passing trends of the age.

Why It Matters

Federal funding comes with strings and compromises. By refusing government money, NSA remains free to teach the truth, unshackled from secular mandates. Pelican Club members safeguard this independence and invest directly in the formation of leaders who will shape culture for Christ.

Your pledge is more than a donation. It is a declaration that liberty, truth, and rigorous Christ-centered education are worth defending and supporting.

Designations

You may choose to designate your Pelican Club pledge to:

- **General Fund** – Contribute to the immediate, operational needs of New Saint Andrews College.
- **Scholarship Fund** – Contribute to our independence by funding scholarships for our students with financial need or with exceptional qualifications.
- **Capital Fund** – Contribute to campus infrastructure improvements that will not only support but also actively enhance our students' educational journeys.
- **Endowment Fund** – Contribute to help secure our college's long-term future and stature.

How to Join

Becoming a Pelican Club member is simple:

1. Complete the pledge form.
2. Select your giving tier.
3. Choose your designation, if desired. If you don't have a preference, we prefer a gift to the General Fund, which is the equivalent of letting us use the money where it is most needed.
4. Make your first pledge payment when you sign the form.

Our development team will personally welcome you with a lapel pin at your first Pelican Club event.

Privileges of Membership

A Fellowship Steadfast in Shaping Culture

Pelican Club members join an intentional fellowship where wit, loyalty, and hospitality abound. This circle is where ideas are sharpened over conversation and freedom is found in fellowship with like-minded supporters who share a commitment to liberty in Christian education.

Membership is honored with exclusive benefits such as:

- **Private Receptions for Regional Events.** These public events are offered in several select locations throughout the year. We generally orient these events towards a male audience, featuring 20-minute lectures from NSA faculty, accompanied by complimentary cigars and whiskey, and engaging conversation about faithfully shaping culture. Pelican Club members will be recognized at these events in addition to being invited to private receptions with our speakers and other notable guests.
- **Book Club.** We will select key texts for any interested members to read and will arrange a Zoom meeting to discuss the text with an appropriately qualified faculty member. Our hope is that this experience will give our members a taste of the kind of education that we deliver at NSA, while creating camaraderie among Pelican Club members.
- **Invitation to a private weekend in Moscow.** We would like to arrange a weekend for our Pelican Club members to visit Moscow, along with one guest couple of their choice. We will schedule this weekend in conjunction with a key local event (ie., NSA concert, key Disputatio lectures, President's BBQ, etc). We will make sure that the weekend is full of fun and gives our guests privileged access to the most interesting parts of Moscow. Pelican Club members are welcome to invite one guest couple to join them on the weekend.

Pelicans Abroad.

- Each year we host one weeklong trip to a select international location. To date, we have taken our guests to Israel, Oxford, and Greece. A Scotland trip is scheduled for the fall of 2026. Because space is limited on these trips, we will have to offer this trip to our Pelican Club members in order of descending rank. But we will work to make this trip available to as many of our members as we possibly can.

Recognition:

- Pelican Club members will also receive an all-access pass to unlimited streaming on our NSA Patrons app.
- Members will be recognized with a Pelican lapel pin designed for your giving tier. We would love it if you sported these pins at Pelican Club events.

Direct Access:

- Pelican Club members are considered contributors to our major gifts pipeline. As such, they are assigned their own gifts officer, responsible for annual, personal interaction with them. We value the relationships formed in these meetings as opportunities for us to receive feedback from our constituents about the college's performance and also as a way for us to minister to our donors.

PELICAN CLUB

Membership Guidelines

All members receive access to all the benefits described above with the exception of the *Pelicans Abroad* trip.

These membership levels offer the possibility of giving over the course of several years, in addition to the option of making a single, one-year contribution. We offer the five-year pledge as an example of our longest-lasting pledge and not necessarily the only way one might complete a gift. For instance, you might want to make the same commitment to be completed within two or three years.

Also, to the extent that one of our donors makes a commitment to give over a certain time period, we consider that a good faith pledge.
